Attachments: Notice of Potential Violation - AES-PR

Good morning – Attached is a very short draft email transmitting the NOPV to Victor Alvarado and Earthjustice. My recommendation is that either Carmen or I send the email and cc Lisa, Dore and Ruby.

Thanks and please feel free to let me know if you have any thoughts and/or comments on the attached.

Ok. Yes, Ruby/OLEM is fine with us sending it out- and we'll just make sure OLEM/Ruby is aware when the documents roll out. Thanks! Lisa

I think that OLEM would be more than ok if the Region send the NOPV. We'll let Ruby know that we are sending it.

We have a call in to the hydro in HQs to get his analysis, he's out to next Tuesday, he only provided it to us verbally.

We committed to sharing two documents, the Notice of Potential Violation and a soil SSL document. Dore, I'll circle back with you tomorrow on the SSL.

Lisa – are you ok if we ask Ruby Goldberg to send the NOPV. Ruby is Carlton's special assistant and was the POC with the community for today's meeting.

Thanks,

Ariel

Just a quick follow-up...didn't know who else to cc, but it sounded like there are a few documents we may be able to make available to Earthjustice and the community groups over the next few weeks. Is that correct? I would love to have the materials shared sooner than by the end of July if possible. Let me know if that is doable.

Thanks all,
